## Your 3-Step Plan to Lead Well. Do Good. Drive Change.

We know you learned a lot and likely have a lot of ideas swirling. We offer this 3-Step Plan to support you in clarifying your path forward and sustain your inspired momentum.

### 1. JOIN YOUR COMMUNITY HUB

- Introduce yourself and the social cause(s) to the community and invite people to connect with you to start building your network of like-minded colleagues.
- Review your notes in your Workbook for Success or whatever way you captured insights and learning. Share with others on the Hub and ask for comments and be in a dialogue online.

### 2. DECLARE AN INTENTION

- If you want to sustain the optimism and inspiration you feel right now, the easiest and most useful way to do this is to write an intention statement. Unlike what you will “do” next, pay attention to the experience you want to enjoy, that is different than before.
- A statement is written in an “I” voice and present tense. For example, I experience vitality and freedom to contribute my passion, ideas and presence with like-minded colleagues who care about [your social cause] solutions for our climate emergency.
- Share this in the Hub. Make the statement visible for yourself, on your smart phone, on a post-it note, select an image that is a metaphor to remind you of your choice of experience.

### 3. JOIN COACHES CARE

- By adding your information here you enjoy three types of engagement.
  1. Be informed about projects with non-profit organizations who support the social cause(s) you most care about, anywhere in the globe.
  2. Introduce an Executive Director or Board Member at a non-profit organization you believe will benefit from Coaches Care support and be part of moving that support in place for that organization, including being part of that project if you wish.
  3. Receive training and tools to initiate, participate and lead an initiative for Coaches Care project with a non-profit organization of your choice. This also includes telling the story of your experience and sharing the joy of making a positive difference that drives change and does good for the people served.
